

# PARTNER WITH THE LAUNDRY EXPERTS

At J.H. Stuckey Distributing, we know laundry. For 20 years, our family-owned company has grown to become the area's premier provider of vended laundry store solutions. It isn't easy to develop and operate a profitable, efficient and attractive coin- or card-operated laundry business. That's why new investors and seasoned laundromat owners turn to J.H. Stuckey Distributing for assistance. We are experienced developers of successful self-service laundries, equipped with energy-efficient equipment and specialized services designed to attract a wide array of customers.

Existing self-service laundries can benefit by upgrading old, outdated equipment with new energy-efficient washers and dryers. With the right equipment, vended laundries can dramatically reduce utility costs and, at the same time, boost profits!

**Flexible Financing Rates and Terms Available.**

## ■ Dependable Service

We offer service and parts for all major brands. We are centrally located in Omaha and our trained service technicians are ready to address any service needs that may arise. We are committed to responding to most service requests within 24-48 hours to ensure your laundry equipment is back in working order as quickly as possible.

## ■ Expert Consultation

If you need assistance with starting a new laundromat, or would like an assessment of your current setup, the experts at J.H. Stuckey Distributing are ready to help. We are happy to tour your existing facility and offer suggestions to maximize your store offerings and minimize your costs.

We have been operating profitable laundromats for over 20 years, and we understand the issues that arise on a daily basis. We will work with you every step of the way to help make your new venture a success.

## ■ Store Development Services

We partner with customers in every endeavor of self-service vended laundry development. We can assist with any or all of the following:

- Site Selection Assistance
- Demographic Studies
- Laundry Design and Layout
- Income/Expense Projections
- Financing Options
- Equipment Selection and Installation
- Ancillary Product Selection
- Employee Training
- Ongoing Technical Service
- Replacement Parts

At J.H. Stuckey Distributing, we are committed to helping our clients develop and maintain highly profitable, successful businesses.

## ■ The Top Brands in the Industry

A Maytag Equipped Laundry offers investors a wide variety of single and multi-load equipment that is among the most efficient in the industry. This allows you to select an optimal equipment mix that will maximize profitability while controlling utility costs. The Maytag name and famous Maytag Repairman character provide instant brand recognition in the marketplace. Maytag also offers a professional sign package, grand opening marketing support and on-going service/maintenance seminars. All Maytag coin- and card-operated equipment is backed by the industry's best warranty — 5 Years on all parts.

Continental Express Laundry Centers feature high-speed, freestanding laundry equipment designed to draw individuals craving a 60-minute wash and dry. The Express Laundry Center package combines energy-efficient equipment, unique store services and on-going marketing support, which includes interior and exterior signage, grand opening kits, press releases, direct mail pieces and more. By choosing an Express Laundry Center, you will not only save markedly on utility costs, but you will also significantly improve customer turnover and profits.

## ■ Ancillary Services

Whether it's offering dry cleaning, drop-off service or snack and beverage vending, laundries can maximize their client base and profits by incorporating added services. While traditional customers remain the cornerstone of your business, stores with added services also cater to working professionals, large families, students and area businesses.

## ■ Maximize Profit Potential

Through thoughtful differentiation of your laundromat, you can attract a wide variety of customers and increase profits. By carefully selecting washers and dryers that suit your needs, your laundry will reduce utility costs and improve customer turnover.

LOCALLY-OWNED AND FAMILY-OPERATED
